Dear FOIA Officer:

This is a request under the Freedom of Information Act.

I believe that the documents that I am seeking have been compiled by the Office of Atmospheric Protection in the Office of Air and Radiation. Please route this request to them.

I am seeking whatever information has been collected concerning the jobs that are created in the pollution control and clean energy industries. I believe these may have been compiled in a "jobs notebook."

This information is submitted by an educational institution, and I request that any copying fees reflect that fact.

Sincerely,

Michael B. Gerrard
